

QUALITY POLICY

LARM USA Inc. has documented and implemented a quality management system to demonstrate to our customers and our employees our commitment to meet the requirements of the ISO 9001:2015 quality management system:

- Provide for continuous improvement of the system and
- Strive to meet or exceed customer needs and expectations as well as their specific requirements.

LARM USA Inc. has

- Empowered its employees to meet these commitments through continuous training programs and unlimited access to the quality management system documentation including the document change process.
- Provided risk based management analysis of any process variables to mitigate adverse circumstances

The quality policy is periodically reviewed at management review meetings and shall be revised as the need arises.

Managing Director: _____

The Managing Director of LARM USA Inc. has formulated the quality policy. The policy is explained and discussed at the general orientation training given to all new employees and has been reviewed with all current employees. All employees are expected to know what the quality policy means to them as it affects their job or position within the company. The policy is posted in prominent locations throughout the facility.
